„SHADES OF ORION 3“ (Pete Namlook & Tetsu Inoue)

Join them on their trip to the universe where Pete and Tetsu have the honour to take part in a very energetic "Beteigeuzian Ritual". After this experience they are "Stranded on Riegel 3" by accident and make their way/explore the planet. On the last track you drift through a space of very deep and massive ambient but you are not alone... somebody is with you... he is "Inoucent and Sirius"...
